EDUCATION

Pratt Institute - Brooklyn, NY
Bachelor of Industrial Design

05/2024

WORK HISTORY

Industrial Design Intern | Bernardo Urbina Design - Tilaran, Costa Rica

06/2026 - Current

- Implemented a self-led project plan to design and build sculptural furniture using a CNC router.
- Assisted in developing design concepts for new products using 3D modeling software.
- Conducted market research to identify design trends and consumer preferences.

CAD Designer | Self Employed - Raleigh, NC

04/2025 - Current

- Iterated residential deck mockups from project briefs, site images and blueprints.
- Drafted 2D and 3D CAD to support sales and construction.
- Moderated client requests and feedback with company manager to ensure project development.

CAD Designer | Oak City Customs - Raleigh, NC

08/2024 - 04/2025

- Guided clients through design decisions from pen and paper sketches to production ready renderings.
- Coordinated design goals with shop capabilities to optimize product value.
- Drafted CNC CAD for custom commercial furniture and architectural elements.

Experience Designer for MART NeoCon Display | Pratt Institute - Brooklyn, NY

01/2024 - 05/2024

- Collaborated on a multisensory walk-through exhibition placing print, sound and projection features within modular, reusable elements.
- Integrated cross-functional expertise from interactive technology and interior design students with faculty creative direction.
- Created mockups for modular projection support construction using Solidworks CAD.

UX Intern | Dell - Austin, TX

05/2023 - 08/2023

- Led an independent project developing a meditation assistant concept from research, through storyboard development.
- Coordinated meetings, tracked milestones and updated project management tools to ensure project continuity.
- Illustrated product use cases via sequential art work.
