## EDUCATION

**Bachelor of Industrial Design** 05/2024
Pratt Institute — Brooklyn, NY

## EXPERIENCE

**CAD Engineer** 10/2026 – Current
Star Exhibits — Durham, NC

- Develop detailed CAD drawings and production documentation for custom exhibits and branded environments as part of the engineering team.
- Translate design concepts into fabrication-ready drawings, coordinating with designers, project managers, and the production shop.

**Industrial Design Intern** 06/2026 – 09/2026
Bernardo Urbina Design — Tilarán, Costa Rica

- Operated a CNC router to fabricate sculptural furniture from a self-led project plan.
- Developed speculative chair concepts in Fusion 360, balancing sculptural form with manufacturability on a 2.5-axis CNC.
- Built fluency in parametric modeling and CNC-informed design through hands-on fabrication.

**CAD Designer** 04/2025 – Current
Self Employed — Raleigh, NC

- Iterated residential deck mockups from project briefs, site photos, and blueprints.
- Drafted 2D and 3D CAD to support sales and construction.
- Coordinated client requests and feedback with the company manager to keep projects on track.

**CAD Designer** 08/2024 – 04/2025
Oak City Customs — Raleigh, NC

- Guided clients from pen-and-paper sketches to production-ready renderings.
- Coordinated design goals with shop capabilities to optimize product value.
- Drafted CNC CAD for custom commercial furniture and architectural elements.

**Experience Designer, MART NeoCon Display** 01/2024 – 05/2024
Pratt Institute — Brooklyn, NY

- Collaborated on a multisensory walkthrough exhibition integrating print, sound, and projection within modular, reusable elements.
- Combined expertise from interactive technology and interior design students under faculty creative direction.
- Built mockups for modular projection supports using SolidWorks CAD.

**UX Design Intern** 05/2023 – 08/2023
Dell — Austin, TX

- Led an independent project developing a meditation-assistant concept from research through storyboard development.
- Coordinated meetings, tracked milestones, and maintained project management tools.
- Illustrated product use cases through an original comic.

## SKILLS

SolidWorks · KeyShot · Rhino · Fusion 360 · Photoshop · Illustrator · InDesign · Woodshop · 3D Printing

## VOLUNTEER WORK

**1776 Sound Board — Raleigh Little Theater**

- Troubleshot transmission issues and equalized audio levels throughout performances.

**Art Walk Volunteer — Art Space**

- Hosted self-directed painting activities for event patrons.
